## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The Examiner acknowledges Applicant's submission of the communication filed on 05/26/2005.

2. The allowed claims are 1-15.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the recitations of the specific features of the arm sling assembly and method, in claims 1 & 11, including especially the following:

The primary reason for the allowance of independent claim 1, is the inclusion of the arm support cuff being attached to one of the front portions and being adjustably and removably attached to the one front portion at the upper attachment zone so that the arm passageway is vertically adjustable, claimed in combination with the vest's back, openings, lower attachment zone, and detached side margins.

The primary reason for the allowance of independent claim 11, is the inclusion of attaching one end of the strap to the back of the vest and wrapping the opposite end of the strap around the arm, arm cuff, and a portion of the torso, and adjustably securing the opposite end of the strap to the back of the vest.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
